COMMISSION IMPLEMENTING REGULATION (EU) .../...

of **XXX**

amending Implementing Regulation (EU) 2023/2834 as regards fixing representative prices in the poultrymeat and egg sectors and for egg albumin and Implementing Regulation (EU) 2020/1988 as regards the administration of import tariff quotas in accordance with the 'first come, first served' principle, and repealing Regulation (EC) No 1484/95

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007¹, and in particular Article 182(1) and (4), and Article 187, thereof,

Whereas:

- (1) Commission Regulation (EC) No 1484/95² lays down detailed rules for implementing the system of additional import duties in the poultrymeat and egg sectors and for egg albumin, and establishes the method for fixing representative prices.
- (2) In the interest of improving the coherence, transparency and accessibility of Union law, and in line with the objectives of better regulation, it is appropriate to streamline the regulatory framework by integrating the provisions of Regulation (EC) No 1484/95 into Commission Implementing Regulation (EU) 2023/2834³. This approach aims to reduce the overall number of legal acts in force, eliminate overlaps, and ensure a more consistent application of Union rules across sectors. The incorporation of sector-specific provisions into a horizontal framework contributes to the simplification and rationalisation of the acquis, while preserving the substantive rights and obligations of stakeholders and ensuring continuity and legal certainty.
- (3) During the Uruguay Round of multilateral trade negotiations, a frozen beef tariff rate quota was opened. The quota was divided into two with different definitions for each part, one part for frozen beef intended for processing as A products and one part for frozen beef intended for processing as B products. The ratio of the water/protein content of the B products was firstly defined in Commission Regulation (EC) No

¹ OJ L 347, 20.12.2013, ELI: <http://data.europa.eu/eli/reg/2013/1308/oj>.

² Commission Regulation (EC) No 1484/95 of 28 June 1995 laying down detailed rules for implementing the system of additional import duties and fixing additional import duties in the poultrymeat and egg sectors and for egg albumin, and repealing Regulation No 163/67/EEC (OJ L 145, 29.6.1995, ELI: <http://data.europa.eu/eli/reg/1995/1484/oj>).

³ Commission Implementing Regulation (EU) 2023/2834 of 10 October 2023 laying down rules for the application of Regulation (EU) No 1308/2013 of the European Parliament and of the Council as regards imports in the sectors of rice, cereals, sugar and hops (OJ L, 2023/2834, 21.12.2023, ELI: http://data.europa.eu/eli/reg_impl/2023/2834/oj).

1977/95. This water/protein ratio was kept in the definition of B products but was written differently in the successor regulations to that Regulation.

- (4) It is therefore appropriate to clarify the correct ratio in Commission Implementing Regulation (EU) 2020/1988⁴.
- (5) Implementing Regulations (EU) 2023/2834 and (EU) 2020/1988 should therefore be amended accordingly.
- (6) Regulation (EC) No 1484/95 should be repealed.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Committee Common Organisation of the Agricultural Markets,

HAS ADOPTED THIS REGULATION:
